As part of the Clean & Green Jacksonville Initiative, Jacksonville Neighborhood Improvement Services seeks to create a public-private partnership with qualified builders for the development of City-owned vacant lots for the construction of attractive, affordable single-family housing throughout the City.

The City of Jacksonville Neighborhood Housing Initiative is a special opportunity for homebuyers to save and be a part of Jacksonville's revitalization efforts. **Down payment assistance** is available to qualified buyers.

If you are interested in purchasing a home in Jacksonville and earn less than 80% of the area's median income, this opportunity could be for you! Income qualifications are adjusted with family size.
