It is best to inquire upon reserving a facility as soon as possible. **NOTE:** Reservation requests cannot conflict with and/or interfere with current City of Jacksonville core programs, activities or scheduled administrative use.

If a rental is cancelled by the renter, a notice must be given to the JRPD Administrative Office 72 business hours prior to the scheduled rental to ensure a refund is processed. If a cancellation notice is not given, the JRPD shall retain the rental fees paid and/or deposit.

If a rental is cancelled by the JRPD because the renter has failed to provide all the necessary information as instructed, the JRPD shall retain the rental fees paid and/or deposit.

The JRPD shall make every effort to open a facility when a rental is scheduled. However, if severe inclement weather or other acts of God, or national emergency prohibits the opening of a facility, the renter will be notified as soon as possible. The renter will be provided the opportunity to reschedule to another available date or have the rental fees refunded in full. The JRPD assumes no financial or other obligations to the renter as a result of any cancellations.

Payments may be made by cash, check (personal, cashier or money order) or credit card (VISA or MasterCard). A \$25 NSF service fee will be charged for returned checks and must be paid to Revenue Collections in City Hall (910 938-5952).

An administrative fee of \$25.00 will be assessed for all building reservations, programs, classes or rentals cancelled by those who registered for a class or activity, or who paid a Building/Facility rental fee. Refunds take approximately 10-14 days from the time of request, and will be mailed from the City of Jacksonville to the Household's Primary Guardian or in the case of a credit card payment, credited back to the card that was used to process the payment.

**CITY OF JACKSONVILLE SERVICE AREA ASSESSMENT SCHEDULE
SCHEDULE "C"**

The City of Jacksonville’s Service Area Assessment describes a method of financing public improvements by distributing the cost of a project over those property owners who will realize a direct benefit. In the case of water and sewer projects, the cost of projects to provide water and sewer to specific areas are borne by those who receive water and sewer service in these areas.

Below is a schedule of assessments that have been developed for projects that have extend water and/or sewer service to areas previously un-served by City water and/or sewer. A water assessment is applicable to any new water connection which will receive water through City-owned lines constructed to extend service to an area that is included within the schedule below. A sewer assessment is applicable to any new sewer connection which will send sewerage through City-owned lines, pump stations and/or force mains constructed to extend service to an area that is included within the schedule below.
